## **THE MIDLAND DEVELOPMENT CORPORATION APPROVES CARVER STREET ROAD IMPROVEMENTS AT SCHARBAUER DRIVE**

September 11, 2017 (Midland, Texas) – The Midland Development Corporation (MDC) is pleased to contribute an amount not to exceed \$1.7 million to road improvements at Carver Street and Scharbauer Drive.

Improvements might include, but are not limited to, drainage, sidewalks, handicapped ramps, road improvements and utilities.

The low water crossing at Scharbauer Drive, located at this intersection, is prone to dangerous waters when the weather produces rainy conditions. The existing sidewalk is typically flooded when it rains and accessibility becomes limited for Midland residents in the area.

MDC Chairman, Brent Hilliard, will negotiate a contract with the City of Midland to determine the challenges and needs to make this a safe and efficient roadway

**The Midland Development Corporation (MDC)** promotes the City of Midland and incentivizes qualified employers who create and retain a diversified job market in the greater Midland, Texas, region. MDC promotes business expansion and job creation through an established business climate and a strong community. MDC is an effective steward of sales tax revenue to efficiently grow Midland's economic stability and the quality of life, as well as to develop areas of the City of Midland that should be developed in order to meet the developmental needs of the city.
